We now have in stock, V3F16 replacement drives. Drives are direct replacement for Kone's V3F16L obsolete models G13 and G14. All drives come with a 25 YEAR LIFETIME WARRANTY by Northern Drives and Controls Ltd. (NDC), technical support, and optional core/exchange credit.

- The exchange units go through a complete NDC's refurbished process
- Eliminated weaknesses, from its original design
- Upgraded replacement of the main power components (IGBT, rectifier, brake chopper, thermistor)
- Fully refurbished control stages, replacing relays and contactors

All drives are 100% tested. The tests are equivalent to one month of usage on an actual elevator. All of it improves the overall reliability of the unit.
